# TRAINING COURSE

FOR ADVANCED LAPAROSCOPIC  
SURGERY

16 LE LOI STREET, HUE CITY, VIETNAM  
WEBSITE: <http://www.bvtwhue.com.vn>

*Johnson & Johnson*

## HCH WELCOME MESSAGE

Dear Colleagues,

It is indeed our privilege to welcome you to Hue Central Hospital (HCH). HCH is one of three biggest hospitals in Vietnam (The others are Bach Mai Hospital in Hanoi and Cho ray Hospital in Ho Chi Minh) with 2500 patients. HCH is a national hospital which takes the role of the leading reference in central region (with 20 millions peoples). It is also a key practical hospital of Hue Medical College to train medical cadres of university level and post-graduates and retrain medical staffs from other hospitals and other medical centers about primary, first and second specialties, residents, Masters, PhD researcher and foreign doctors.

Our missions are training for laparoscopic surgeons and help developing laparoscopy to other hospitals. We have organized basic and advanced laparoscopic surgery courses. The core curriculum of the basic & advanced training courses include hands-on activities in the skill-lab & operating theatre activities; live video sessions on principles of laparoscopy.

On behalf of Hue central Hospital, we would like to invite you to participate in our courses. We hope that you could get fruitful results.

Best Regards

**PHAM NHU HIEP, MD, PhD, Prof - General Surgeon**

**Vice Director of Hue Central Hospital**

**Vice President of Vietnamese Association of Endo-  
laparoscopic Surgeons**

**Manager Departement Of Pediatric And Abdominal  
Emergency Surgery**
